## 2010 - The Umpqua National Forest

#### Recreation

 Maintained 303 miles of trail by partnering with Northwest Youth Corps, volunteers and local schools and hiring crews through the American Reinvestment and

Recovery Act

- Reopened Toketee Falls **Trail** after 18-month closure
- Installed a new bridge to the **Umpqua Hot** Springs
- Reconstructed Slide Creek Trail bridge on

the 79-mile-long North Umpqua Trail

 Repayed 10.6-mile Dellenback Trail around Diamond Lake

We added new recreation fee sites and standardized fees in 38 campgrounds by working with the Recreation RAC.

#### **Business**

- Funded by \$1.3 million dollars from the American Recovery and Reinvestment Act, many workers dealt with 1,125 acres of hazardous fuels, 4 miles of enhanced stream habitat, and 100 miles of high-clearance road maintenance
- Sold 24.3 MMBF -- approximately half of our target of 48.3 MMBF - and an additional ATV sale of 2.2 MMBF; shortfall due to impacts of Survey & Manage, delayed decision for D-Bug project, and current economy

## **Involvement in Our Community**

■ 330 youth heard about **employment** in the Forest Service from firefighters demonstrating engines and gear

Passport in Time volunteers excavated the oldest site in the upper North Umpqua Basin at Williams Creek by partnering with Oregon State Museum.

- Conservation education efforts included coordinatina a 3-day outdoor school for students in Cottage Grove and reading to hundreds of **K-3 grade students** in 17 schools for Project Literacy
- Established relationships with local vocational rehab counseling service, jobs-work experience programs, and workforce recruitment

# 2010 Forest Facts

- 984,602 acres
- 84% of the Umpqua National Forest is in Douglas Co., 15% in Lane Co. and 1% in Jackson Co.
- 3 Wilderness -- 72,043 acres
- Roadless -- 99,488 acres
- 18 fish species, 66 mammal species, 236 bird species, 27 reptiles & amphibian species
- 5,190 miles of streams and 359 miles of anadromous streams
- 218,096 acres of riparian
- 4,052 acres of lakes & reservoirs
- 4 staffed lookouts -- 2 with detection cameras
- 735,000 annual visitors
- 33.8 mi. of Wild & Scenic River
- 57 developed campgrounds with 800 campsites
- 530 miles of trails
- 4 recreation resorts and 5 rental cabins & lookouts
- 102 summer homes
- 194,000 kilowatts produced

- 34 fires totaling 11.6 acres
- 64 lands & 166 recreation special use permits administered
- 123 recreation sites managed to standard
- 5 miles of landline surveyed
- 41 minerals plans of operations administered
- 42 minerals applications processed
- 498 miles of passenger-car roads maintained

We helped to publish a new species of buckwheat discovered by a rock-climbing botanist. Acker Rock wild buckwheat (Eriogonum villosissimum) forms clumps that grow only in south-facing vertical slopes of Acker Rock, a volcanic rock formation on the Tiller Ranger District.

forest-based feed stocks

### Wildlife, Plants, Fish and Water

- Accomplished 18,755 acres of Threatened &
  Endangered Habitat Enhancement and another 24,281
  acres of enhancement for non-Threatened &
  Endangered species, exceeding our terrestrial habitat
  enhancement target of 2,400 acres by 18 times
- Nearly doubled our target by accomplishing 11 miles of stream habitat enhancement
- Worked with PacifiCorp on \$60 million fish passage installation at Soda Springs Dam to be finished in 2012
- Cooperated with PNW Research Station to repair Coyote Creek Experimental Watershed gage houses, stilling wells and safety stairs with \$350,000 of ARRA funding

### Fire, Fuels and Biomass

- Accomplished 8,856 acres in the fuels program which includes 5,600 acres covered through ARRA – our target was 2,746 acres
- Co-hosted week-long demonstration of mobile fast pyrolysis unit at Diamond Lake RD utilizing different

### **Partnerships**

- 102 people volunteered 28,999 hours in recreation, engineering, archaeology, wildlife, mapping and office services – adding up to a value of \$604,629
- Partnered with Rogue-Umpqua Resource Advisory Committee to fund another 44 internal and external projects totaling \$1.87 million from the Secure Rural Schools Community Self-Determination Act of 2000; continued working on nearly 60 projects previously funded with Title II monies
- Strengthened the Forest's relationship with Job Corps by hosting the Wolf Creek Job Corps' Interagency Hotshot Crew, hiring students for field crews and office work, and participating in the center's first Safety Day
- Trained and certified 72 tree climbers including 10 Wolf Creek JCC students -- at Dorena Genetic Resource Center
- Umpqua led three-forest role in the Pacific Connector Gas 230-mile pipeline project from Coos Bay to Malin

### Awards received by the Umpqua National Forest

- ◆ Wildland Fire Team Safety Award for Excellence presented to the Forest's fire organization ◆
- ◆ Excellence in Line Officer Commitment to Firefighter & Public Safety awarded to district rangers ◆
- ◆ Exemplary Partner Award presented to the Forest for our close working relationship with Wolf Creek JCC ◆
  - ◆ Excellence in Line Officer Commitment to Firefighter & Public Safety individual
